Shaji K Kumar, MD

Consultant in the Division of Hematology at Mayo Clinic, and Professor of Medicine in the College of Medicine, Mayo Clinic, Rochester, Minnesota, US

Dear Colleagues

Oncology & Hematology Review (US) is now accepting submissions to the Spring and Fall 2018 editions.

Oncology & Hematology Review (US) aims to provide practicing oncologists and hematologists with concise and timely articles that provide practical advice relevant to clinical practice.

Authors are invited to submit original research, review articles, case reports, and editorials across all areas of oncology and hematology for consideration. The journal is particularly interested in the submission of real-world studies and topical review articles that provide a concise overview of the latest clinical trial data and developments in the field for busy physicians. Authors can submit their manuscript directly through the Editorial Manager site (details below) and presubmission enquiries can be made to the journal's editor (nicola.cartridge@touchmedicalmedia.com). Accepted articles are published open access, both in print and online, and authors are actively encouraged to submit accompanying multimedia content alongside their article.

We look forward to working with you.

Shaji K Kumar and the *Oncology & Hematology Review (US)* team
