touchREVIEWS
in Oncology & Haematology

Established: January 2005 **Frequency**: Bi-annual
Current edition: Volume 17 Issue 1

Aims and Scope

- *touchREVIEWS in Oncology & Haematology* enables time-pressured physicians to stay abreast of major advances and opinion in oncology and haematology practice.
- *touchREVIEWS in Oncology & Haematology* comprises balanced and comprehensive articles written by leading authorities, addressing the most important and salient developments in the oncology and haematology fields.
- *touchREVIEWS in Oncology & Haematology* endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- Comprehensive bibliographies for each article mean that *touchREVIEWS in Oncology & Haematology* is an informative and valuable reference tool for use throughout the year.
- All articles are subject to peer review, and must adhere to the ICJME, GPP-3, and COPE guidelines.

Structure and Format

- *touchREVIEWS in Oncology & Haematology* is a peer-reviewed, free-to-access, bi-annual journal comprising review articles, case reports, editorials, special reports, and original research.
- The structure of each edition of the publication comprises section categories determined by the Editor. The degree of coverage assigned to each category is the decision of the Editor, and in part reflects the views of the Editorial Board.
- All articles declare any author disclosures along with any funding, financial support and medical writing assistance.
- Each edition of *touchREVIEWS in Oncology & Haematology* is published in full online at www.touchONCOLOGY.com

Editorial Expertise

touchREVIEWS in Oncology & Haematology is supported by various levels of expertise:

- Guidance from an Editorial Board consisting of leading authorities from a variety of oncology and haematology disciplines.
- Invited contributors who are recognized authorities from their respective fields.
- Peer review – conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.

Peer Review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor identifies appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area, following consultation with a member of the Editorial Board where necessary.
- We aim to have the final peer review decision within 4 weeks.
- Following review, papers are either accepted without modification, returned to the author(s) to incorporate required changes, or not accepted for publication.
- The Editor reserves the right to accept or reject any proposed amendments on the advice of the Editorial Board and reviewers.

Submissions and Instructions for Authors

- The Editor commissions articles with guidance from the Editorial Board and unsolicited articles are welcomed.
- The Editor is always keen to hear from authors wishing to discuss potential submissions, and will give due consideration to any proposals. Please contact the Editor for further details.
- 'Instructions for Authors' is available from www.touchONCOLOGY.com

Distribution and Readership

touchREVIEWS in Oncology & Haematology is distributed bi-annually through controlled circulation to senior professionals in the field globally.

Abstracting and Indexing

touchREVIEWS in Oncology & Haematology is abstracted, indexed, and listed in Genamics JournalSeek, Google Scholar, IndexCopernicus and Summon by Serial Solutions.

Copyright

Authors transfer the copyright of the article to Touch Medical Media, who publish the article as free-to-access to registered users.

Online

www.touchmedicalmedia.com provides clinicians and other industry professionals with a free resource of articles from over nine titles, spanning seven therapy areas including cardiology, endocrinology, immunology, neurology, oncology, ophthalmology and respiratory and pulmonary medicine.

Society Partners

touchONCOLOGY has developed very valuable partnerships with the most respected not-for-profit medical societies both in Europe and the US. These partnerships are key as touchONCOLOGY.com helps to promote awareness of these medical societies whilst also providing free-to-access, peer reviewed articles and multimedia content to the society members, which ensures that the industry is kept up-to-date with the latest cutting-edge content and opinion from world-renowned doctors.

About Touch Medical Media

Touch Medical Media publishes a rich and diverse portfolio of free-to-access, peer-reveiwed journals across the clinical and pharmaceutical arenas. Touch Medical Media aims to assist in the education and practice of healthcare and pharmaceutical professionals. ❑
